OBJECTIVE

Continuously expand my skill set and stay updated with emerging technologies to drive innovation and stay competitive in the field of IT.

EDUCATION

B.Sc in Computer Science <i>Mudhoji College, Phaltan</i>	CGPA:8.57 2020–2023
Senior Secondary Education <i>Yashwantrao Chavan Junior College, Phaltan</i>	Percentage:56.31 2020
Higher Secondary Education <i>Jay Bhavani High School&Jr.College, Phaltan</i>	Percentage: 71.00 2018

PROJECTS

Simon Game | HTML, CSS, JavaScript 2024

- Created a dynamic Simon Game web application utilizing HTML, CSS, and JavaScript. Implemented game levels with increasing difficulty, allowing users to click colored buttons to remember sequences.
- Utilized JavaScript for game logic, including sequence generation, user input validation, and level progression. Incorporated features for displaying game over outcomes and tracking player scores.

Portfolio Website | HTML, CSS, JavaScript

Visit : <https://sunehadoshi.github.io/portfolio-website/>

- Designed modern interface to showcase professional projects and skills.
- Integrated interactive features and animations for enhanced user experience.
- Ensured cross-browser compatibility and responsiveness.
- Included links to project demos, GitHub repositories, and contact information.
